Your Power Move for One-Way Truckload

At **Werner**,® we deliver reliable and efficient **One-Way Truckload** solutions tailored to your unique shipping needs. With a robust fleet, strategic terminal network and industry-leading technology, we ensure seamless freight movement across North America.

KEY ADVANTAGES OF WERNER'S ONE-WAY TRUCKLOAD SOLUTIONS

ONE-WAY
TRUCKLOAD

STRENGTH IN CAPACITY

- Powerful fleet of **3,000+ units** across van services, including One-Way, Expedited, Temperature-Controlled and Engineered fleets.
- Flexible options including solo, team, leader-team and slip-seat configurations to meet diverse customer needs.

OPTIMIZED ROUTES FOR MAXIMUM EFFICIENCY

- Designed for efficiency, offering optimized routing from long-haul shipments to time-critical deliveries.
- Engineered fleets provide consistent and reliable freight solutions customized to each customer's unique supply chain demands.

STRATEGIC NETWORK & OPERATIONAL EFFICIENCY

- 36 drop yards and 16 terminals** strategically located to optimize routes, reduce transit times and enhance driver efficiency.
- Extensive terminal network supports seamless freight transitions, minimizing downtime and improving on-time performance.

ADVANCED CAPABILITIES & TECHNOLOGY

- Proprietary technology allows for **customized reporting, network optimization and data-driven decision-making**.
- Pop-up fleets, surge event solutions and expedited shipping available to accommodate fluctuating demand.
- Comprehensive **long-haul services across North America**, ensuring reliable cross-border capabilities from Canada to Mexico.

INDUSTRY-LEADING EQUIPMENT & PERSONNEL

- One of the industry's **newest truck and trailer fleets**, equipped with cutting-edge safety and tracking technology.
- 29,000+ trailers**, all with **100% real-time tracking** for enhanced visibility and security.
- Dedicated, on-site logistics professionals providing **best-in-class service and support** to customers.

WHY CHOOSE WERNER FOR ONE-WAY TRUCKLOAD?

INDUSTRY-LEADING EXPERTISE

- Extensive experience managing complex truckload operations with a focus on efficiency and cost-effectiveness.
- Commitment to innovation, using data-driven solutions to enhance performance and optimize supply chain logistics.

COMPREHENSIVE SERVICE SOLUTIONS

- Full-service transportation covering every aspect of freight movement from pick up to final delivery.
- Scalable solutions, including surge capacity and expedited service, to handle changing demand and time-sensitive shipments.

CUSTOMER-FOCUSED APPROACH

- A consultative approach ensures customized solutions that align with each customer's unique shipping needs.
- A **Power Team** of logistics professionals are available to provide direct support and enhance operational efficiencies.
